SUSPENSIONS and CANCELLATIONS						

* 1) *Bundled* services include providing both organic program and Regenerative Organic Certified® certification concurrently.

2) *Stand-alone* service means that the Certifying Body (CB) provides the Regenerative Organic Certified® program as an individual program based on the current organic program certification provided by a different certifier recognized by the ROA.

Applicants are strongly advised to inquire with the CB Regenerative Organic Certified® Program Manager regarding auditor availability in specific regions.

CBs in pending and suspended status are not eligible to accept Regenerative Organic Certified® applications.
